Encroachment to Govt. Primary School Landin Shikaripur Town

777. SRI B. S. YEDIYURAPPA (Shikaripur). - Will the Minister for Education be pleased state that.—

- Whether it has come to the notice of Government that an influencial person has encroached the place of Government Primary School, Shikaripura Town ?
- If so, the action taken by Government to evict the person from the encroached place ?

SRI B. RACHAIAH (Minister for Education).—

- Yes
- The Police Officers have been requested to evict the encroached persons. But as the Police Officers require the eviction order from Deputy Commissioner or from the Court, the Deputy Director, Shimoga District has requested the Deputy Commissioner in this regard.

Non Supply of Drinking Water in the Villages or gadag and Mundargi Taluks

1183. SRI K.H. KURADGI(Mundargi).—Will the Minister for Rural Development and Panchayat Raj be pleased to state that.—

- Whether it has come to the notice of Government that drinking water according to quantity fixed by Government is

not being provided to the Villages in Gadag and Mundargi taluks, if so, the measures taken by the Government and to be taken up by the Government may be intimated.

- 2) Whether there is scarcity of drinking water in Timmapur village in Gadag taluk and Venkatapur, Halligad, Hallikeri and Ekaspur villages in Mundargi taluk, whether funds have been provided and also whether time limit fixed to complete them.
- 3) Even though it has come to the notice of Govt., there is chlorine contents in the drinking water of many villages in Mundargi taluk, the reasons for not taking up any measures may be indicated.

SRI ABDUL NAZEER SAB (Minister for Rural Development and Panchayat Raj).—

- 1) The Chief Engineer, Public Health Engineering, Bangalore in his letter dated 25-7-79 has prescribed the quantity of drinking water as under.—

- | | |
|---|-----------|
| i) Incase of prospective population exceeds 5000 | 50 litres |
| ii) Incase of prospective population less than 5000 | 40 litres |
| iii) In the case of Schemes sanctioned prior to 79-88 | 25 litres |

Again the Chief Engineer in his letter dated 3-11-81, has prescribed uniform rate of supply of water at 50 litre. It is necessary to adopt the uniform rate of supply and in subsequent years the Augmentation Schemes will be prepared so that the gap existed could be reduced.

- 2) For details statement is enclosed.
- 3) In Mundargi taluk, out of 52 villages, 37 villages are indentified as excess chloride contents villages. In this context, out of 37 villages, 7 villages is supplied from Tungabhadra river as source of water and with the same source of water efforts are being made to be provided with safe drinking water to 2 villiages. In addition 2 more villiages i. e. Bergar and Tambragundi in targetted to be provided with safe drinking water by the end of June 84 with the same source.

Further, piped water supply schemes to Halligudi, Hattikori, Venkaatpur Mehundi, Bidarlli and Hammagi villages have been approved and works on these schemes are under progress.

Out of 37 affected villages the works in respect of 18 villages are under various stages and balance 17 villages measures are being taken to provide safe drinking within 2 to 3 years.
